

**FinConecta is looking for
UX Designer**
Argentina or Bolivia

FinConecta (www.finconecta.com), a global technology company, is looking for an experienced and talented UI/UX designer to create and shape unique, user-centric digital products and experiences.

To succeed in this role, the ideal candidate needs to be someone that thrives to work in a fast paced, goal oriented environment that allows you to excel in your area of expertise, and liaise with other professionals in multi-disciplinary initiatives.

The ideal candidate should have experience working in agile teams, with developers and copywriters, be able to make deliberate design decisions and to translate any given user-experience journey into a smooth and intuitive interaction.

The activities that the UX Designer shall conduct are:

- Create, improve and use wireframes, prototypes, style guides, user flows, and effectively communicate your interaction ideas using any of these methods
- Present and defend your design decisions. All your design decisions should be based on the overall design roadmap as well as your own design thinking and fundamental principles (i.e. color theory, visual weight, etc.)
- Evaluate existing applications and their UX effectiveness
- Measure the human-computer interaction (HCI) element of a design
- Communicate scenarios, end-to-end experiences, interaction models, and screen designs with other members of the team
- Develop and maintaining design wireframes and specification of best practices to share with design team as new projects begin
- Other duties as assigned
